Starting with a range of headworks options and ending with membrane-based solids management, each Ovivo MBR is an integrated, total solution to a wastewater treatment problem or reuse opportunity.

**Focus Markets/Applications:**
1. Retrofit/Expansion/Upgrades
2. Reuse/Scalping/RO Pretreatment
3. B2B and Developer
4. Deployable Plants
5. Casinos, dairy, beef and poultry

**Key Features:**
1. Leading Membrane Technologies
2. Extensive Portfolio
3. Proven Cost-Control Strategies
4. Best Project Delivery
5. Most MBR Experience
6. Comprehensive Technical Support
7. Unrivaled Innovation

**Main Advantages:**
1. Lowest Total Cost of Ownership
2. Greatest Simplicity, Reliability, Effluent Quality and Space Efficiency
3. Single Source Responsibility

Leading MBR innovation to achieve energy neutrality, complete nutrient recovery and reuse of treated effluent, all at a lower total cost of ownership than conventional treatment alternatives.
